## **BILL REDFORD** - Mountain Oaks Administrator

Bill is the first Mountain Oaks Administrator to have no affiliation to Mountain Oaks before becoming an administrator. He moved to Calaveras County from Southern California with his wife, 2 younger children, and mother. Bill has done an amazing job especially since he had no one to train him and give him the insight into our wonderful program. Instead, he hit the ground running and took on the responsibility of being a Mountain Oaks Administrator as though he had been a part of our school for years. He had updated our charter and got it approved by the Calaveras County Of Education six months earlier to get it done before the new law went into effect in January that would cause us to lose our site. Then COVID-19 happened and turned everything upside down. We are lucky to have such an optimistic Administrator. We hope this year does not scare him off and he decides to stay until his retirement.....many years from now.

## **Valarie Roddy**- Mentor Teacher

Valarie has been a Mentor Teacher with Mountain Oaks school since 2004. She has spent most of her time at the lone site and has been a main component of keeping that site running in tip-top shape as one of their lead teachers. Valarie has also taught many workshops over the years. She is lucky enough to retire and plans on focusing on her other passions (besides teaching students) and will be working on writing another book for publishing. She has many plans for her retirement and we are sure she will be as busy in retirement as she was being a mentor teacher. We are all so lucky to have had her as part of the Mountain Oaks community and will miss her.

We wish her the best in her next adventures!

# SENIOR GRADUATION

Due to COVID-19 restrictions California graduates were not able to have regular graduation ceremonies. Mountain Oaks did everything we could to still give our graduates a one-of-a-kind graduation. Graduates were given a block of time and stayed in their cars until it was their turn to walk the platform to receive their diplomas.

Lexi,

rambling strides of a teen.

Every step you have taken has left a footprint on  
our hearts.

Congratulations!

## Tera Graham

To Tera Juliana Graham our dearest third treasure from Jehovah God. You have made us so proud of you with all of the accomplishments you have made in the last four years of school. You have certainly grown up to be a fine young lady; you also have the biggest and kindest heart. You care for everyone around you. You have the ability to make anyone laugh at any time with your quick and funny answers, you can always take something gloomy and make us all laugh about it. You also give the best hugs ever!

You have a passion and love for photography; you love your animals, being outdoors with your family and friends. You have the gift to grow unusual things; you're learning how to play the guitar and the keyboard. Over the years you have become quite an artist; drawing anime, cartooning and creating your own webcomic. Your big sisters are your best friends and love you very much, you girls do everything together either it's listening to music, dancing, drawing, painting or even taking crazy pictures of yourselves. You and your sisters are our crazy girls and we love you for it.

Love you so much,  
Mom, Dad and your Sisters.

Sister, let me tell you  
 The path you take won't be easy  
 It has obstacles  
 And holes  
 And ditches  
 And fallen trees you needa' climb over  
 Empty/Lonely  
 But take time  
 I've been reaching for the moon

 Sister, keep your head up  
 Don't get caught up in the ditch

 We're still climbing  
 We'll get there

# Living History New Helvetia Sutters Fort

During our Living History day at Sutter's Fort, we spent a full 24 hours reenacting what the pioneers and Californios experienced in the 1840s. Through first-hand interaction and hands-on experiences, students' history lesson of Old California come to life. Our journey back in time started early in the morning at the California State Railroad Museum in Old town Sacramento where students boarded a wagon train that brought them to New Helvita. Students experienced what a daily life in the 1840's might have been like. Students rotated through the different stations of bread making in an adobe oven, cooking our dinner over a fire in the historical kitchen, blacksmithing with "Biscuits" the Blacksmith, learning about trappers and many other activities. At night we shared a meal of frijoles, chicken cooked over fire in Dutch ovens. We enjoyed listening to traditional Califomio music and danced with joy in our hearts after a full day working as pioneers.

# Moaning Cavern Field Trip

Mountain Oaks went on a field trip to Moaning Caverns located in Vallecito, California. When the group of students and parents first went down into the cavern the tunnel was narrow. Our tour guide said that the tunnel was blasted out by dynamite that is why it was so narrow. After we went through the narrow tunnel we went to a large platform this was the only place we were able to touch the cavern's walls. From the platform, you could see the cavern, it was huge! Then, we went down a spiral staircase to get to the bottom. This was the end of our tour. Our tour guide told us about the history of the caverns and showed how dark the cavern is by turning off all the lights and then she lit a candle and showed us how the miners who explored this cavern, saw it. Then we walked back up and out of the cavern. I think that this was a great field trip and an amazing learning experience.

**BUNCO IS A FUN ACTIVITY TO DO WITH ALL-AGED STUDENTS DURING OUR AFTERNOON SOCIAL. THE STUDENTS WORK IN PARTNERS TRYING TO ACCUMULATE THE MOST POINTS WHILE TAKING TURNS TROLLING THREE DICE IN A SERIES OF SIX ROUNDS. EACH OF THE SIX ROUNDS REQUIRES THEM TO HAVE A NEW PARTNER. A BUNCO IS ACHIEVED WHEN A PERSON ROLLS THREE-OF-AKIN AND ALL THREE NUMBERS MATCH THE ROUND NUMBER. IT WAS GREAT TO SEE HOW ENTHUSIASTIC THE STUDENTS WERE IN SUPPORTING THEIR PARTNERS AND ENJOYED TRYING TO WIN THE FIVE PRIZES**

# Merri Mysteries

The Sonora site goes for the gold when they have a murder mystery party. This year's suspenseful event was titled "Revenge on the Goldfield". Students signed up for parts and read clues to determine who killed Alec Rashford. Was it his wife, the foreman at the mine, the hotel owner, or a disgruntled miner? Students in all grade levels were invited to participate, listen carefully, and make accusations. Prizes were given for best costume, great accent, and bringing props to enhance the environment. Snacks, laughs, and good friends were all part of the merriment of this event.

## Homeschooling through the Pandemic

Hello my name is Cali Andahl and I attend Mountain Oaks Charter School. I have been journaling about this experience through my school writing group. I also write for my school newspaper and the Miners Pick Newspaper in Mountain Ranch where I live.

When we first learned about the Corona Virus reaching California and then Calaveras County we began hearing terms like social distancing and self-quarantine. It seemed so sudden that we were now living it. I saw some stuff on the news about how bad it was in China and we knew it might come to our country. Some of my workshop teachers had begun preparing us for the possibility of campus closure in February. I have now been home for 15 days, as prior to our school closing my siblings had the flue, luckily, I never got it but my mom kept me home and healthy anyway.

So here I am at home doing my virtual learning, thanks to the innovation of our Mountain Oaks workshop teachers I've been keeping up on my school work. Luckily we have good internet and multiple devices because my siblings are also doing virtual learning.

**COVID allowed us true homeschoolers the time to get back to grass root homeschooling and have fun with education**

Boredom is not part of my life- we have lots of chores to do daily and since we are home more now our parents keep extending our list. I guess its life on a ranch, the to do list is never ending. We spend a lot of time outside working our pigs, walking our goats, hiking, exercising, and playing. Well today it's raining and we are inside so we will probably do some art, cooking and games. I miss my friends a lot and it is hard not to fight with my brother and my sister too much. I miss my 4H Club, and we have had to cancel a lot of events. I understand why we are doing this though, we need to keep the virus from reaching people like my grandpa who has a weak immune system.

I have recently learned that our county fair in May has been cancelled. I am very saddened about this. This is my first year marketing a pig and I have worked very hard on my project. Lucky we still have a virtual auction option but it's just not the same. The fair is our first big even, kinda the kick off to Summer. I understand that they had to cancel, but man is it a bummer!

My mom says this time is a reset for our family. A time to take a break from our busy lives and focus on each other. So we are doing ok and grateful we have a comfortable home with room to play and be free.

I pray that each of you are finding the positive in this time of social distancing and look forward to the day we are all back together again enjoying Spring and Summer.
